

## LESS DEMAND FOR MONEY

Situation at New York Easier Owing to the Action of the Clearing House.

Nearly \$18,000,000 of Loan Certificates Now in the Hands of Bankers—Silver Lower at London but Higher at New York.

## THE PANIC SUBSIDING.

Money Easier at New York Yesterday—More Certificates Issued.

NEW YORK, June 30.—The money market was the center of attraction in financial circles, rather than the stock market, as a result of the united action of some of the banks represented on the clearing-house committee. The situation was reported to be much easier in consequence of the prompt steps taken by those banks to avert a money panic, and on every hand nothing but praise was heard for the presidents of those banks. This morning a well-known financier, himself a director in more than one large national bank, speaking of the action of those banks presidents to a reporter, said: "The action of Messrs. Simmons, Tappan, Cannon, Baker and Nash yesterday in taking out clearing-house certificates for their respective banks is highly commendable. These gentlemen will probably be criticized by some people for 'entering to Wall street, but in times like the present it is of the utmost importance that the stock market and money market should be kept in a normal condition; for, notwithstanding the cry against the 'street,' it is the life blood of the whole country, and if it is damaged up, the stock exchange is closed, as was the case in 1873, it brings untold disaster upon the country. The free movement of stocks enables the banks to resort to their call loans and owners of securities are afforded a quick market, which in these times is very desirable."

The banks, which took out certificates freely lent the money thus made available without decreasing the cash in their vaults. This was shown by their debtor balances at the clearing house this morning, which, of course, were the same as yesterday. The clearing-house certificates, which had to be taken by the banks having credit balances. These debtor balances were as follows: Gallatin National Bank, \$257,000; Fourth National, \$250,000; First National, \$1,500,000; Chase National, \$500,000; Corn Exchange, \$275,000. The two banks the presidents of which are members of the clearing-house loan committee, but who did not join their confederates in taking out loan certificates, are the Importers and Traders National Bank and the Chemical Bank. G. G. Williams, president of the last-named bank, said this morning, in explanation for so doing, that the Chemical Bank was not so closely connected with Wall street as the banks which had taken out certificates, although it loaned money in Wall street, and had, perhaps, done as much as some other banks to relieve the monetary stringency. In fact, said Mr. Williams, "our loans at present are \$23,000,000, which is more, I think, than the loans of any other bank and is enough to have out. We have \$7,000,000 in cash, and really do not need any certificates. I heartily approved, however, the action of those banks which took out certificates yesterday, and voted in favor of it. The result was undoubtedly very beneficial."

The banks took out \$4,415,000 of loan certificates to-day, the balance of \$9,000,000 authorized yesterday, and in addition to that the clearing-house loan committee authorized \$1,500,000 more at their meeting to-day, making the total amount issued to date \$17,925,000. The rate for call money this afternoon prior to 2 o'clock was 35 per cent. Many loans, however, were renewed until next day at rates varying from 20 to 25 per cent. One of the banks which took out loan certificates, to-day, bought some first-class commercial paper at 10 per cent, for its receivable, and at 15 for its sundry paper, which is a fact in time and character. It was said that there was not much commercial paper offered, and it was suggested from the fact that merchants are in very good shape.

Bank officers reported that the demands from the country were much lighter in amount, but the applications were very generally distasteful. It was noticed that only very short time paper was being received, and that was believed to indicate a belief that the strain was about to end. No extraordinary currency shipments to the country were reported this afternoon by the banks, and at the subtreasury it was said that there had been no legal transfers of money to the country. About two hundred thousand notes of small denominations had been exchanged for gold, of which only \$50,000 was for the country. The feeling of confidence here was increased by the quotations from London, where all American securities were higher.

Despite this indication of confidence across the water in this country's securities, Great Britain seemed determined to hold on to her gold. Efforts of local firms to secure any quantity of gold were unsuccessful. The steamer Columbia, which arrived this morning from Southampton, brought \$50,000 in gold coin, consigned to Baring, Magoun & Co., New York.

## Value of Silver Yesterday.

NEW YORK, June 30.—The break in bar silver to 30 1/2 pence in London, to-day, did not have any influence on the local market for the metal. At the Stock Exchange, in fact, certificates were somewhat firmer, selling at 62 1/2 cents. Fifty contracts, however, changing hands. Yesterday's sales were made as low as 62 cents. Commercial silver was weak at 63 cents. Mexican dollars were quoted at 55 cents. The closing price was 30 1/2 pence.

## HAYNES, SPENCER &amp; CO. FAIL.

One of the Biggest School Furniture Companies in the West—Liabilities \$60,000. Special to the Indianapolis Journal.

RICHMOND, Ind., June 30.—Late last evening Haynes, Spencer & Co., manufacturers of school furniture, made an assignment for the benefit of creditors. The firm was heavily involved by the failure of J. B. Merwin & Co., of St. Louis, for whom they had indorsed for \$13,000. They were unable to realize anything on about \$20,000 due them from Chicago parties and were obliged to suspend. Liabilities, about \$60,000; assets, estimated at \$70,000. This firm was one of the largest in the West in the manufacture of church and school furniture, and has been very unfortunate. It has been burned out three times and about a year ago the boiler exploded, killing the engineer and injuring several others. A few weeks ago part of the plant used in the manufacture of church furniture sold to the Indiana Church Furniture Company for \$100,000.

## Failures During Six Months.

NEW YORK, June 30.—Bainbridge's weekly review of trade says: Business failures in the United States for the six months ending June 28, exclusive of commercial and industrial concerns where actual assets exceeded liabilities, numbered 6,337, the largest six months' total reported, but only 8 per cent, larger than in 1891 and 2 per cent, larger than in 1888, following the financial panic of 1884. Liabilities this year equal \$170,000, nearly twice as much as in 1891, two-and-one-half times as large as in 1888, and \$114,000,000 larger than the first half of last year. As the increase in

the first quarter this year, compared with last, was only \$4,000,000, without an increase in the number of failures, the second quarter is responsible for the gain of \$88,000,000, and \$110,000,000 liabilities. There were 21 failures having \$100,000 or more liabilities each, with \$133,000,000 total liabilities, which represent an increase of 500 per cent in number and 600 per cent in aggregate debts. There were 175 failed banks, with liabilities of \$43,000,000, an increase of 600 per cent in number over last year, and more than 800 per cent in debts.

## Receivers for a Piano Company.

NEW YORK, June 30.—Behr Brothers & Co., piano manufacturers, were reported to-day to be in financial difficulties on account of tight money. Henry Behr and Martin W. Brett have been appointed receivers in the United States Court. The business has been carried on since Jan. 1, 1890, by a corporation organized under New Jersey laws, with a claimed paid in capital of \$157,000. It succeeded to the business of Behr Brothers & Co., who commenced in 1881. The concern did a large business all over the country, and were interested in Hartzig, Fleming & Co., of Philadelphia. About two months ago a statement of the affairs of Behr Brothers & Co. showed assets of \$350,000 against liabilities of \$98,000.

## Other Business Troubles.

COLUMBUS, O., June 30.—J. B. Gormley, assignee in the Foster failure, Postoria, O., filed to-day, at Fifth, a partial report with the Probate Court. The failure will probably approximate, if it does not exceed, \$1,000,000. The assets of John D. Davis are \$13,150 and liabilities \$44,749. The assets of Davis and Foster are \$18,550; liabilities, \$213,955. The assets of Foster & Co.'s bank are \$70,286; liabilities, \$306,089. Foster's account in his bank is overdrawn \$13,000, and that of John E. Wilkinson \$17,000. The assets of \$350,000 against liabilities of \$98,000.

NEW YORK, June 30.—Theodore F. Haseall has been appointed receiver for the Legation Typewriter Company, type-setting machines, in the suit of Leonidas Dennis, a judgment creditor. The company was incorporated in February, 1887, with a capital stock of \$250,000, which was afterwards increased to 1,000,000.

GEORGETOWN, Col., June 30.—Owing to the unexpected demands made during the past few days the Bank of Clear Creek County made an assignment this morning. The assets amount to \$307,000, while the liabilities are but \$28,000. It is said the bank will resume.

PROVO, U. T., June 30.—The First National Bank closed its doors this morning. Assets, \$115,000; capital, \$2,000; surplus, \$100,000; liabilities, \$55,000. Slow collections caused the failure.

RED CLOUD, Neb., June 30.—The Farmers' and Merchants' Bank of this place, closed to-day. Withdrawal of deposits ran the cash low.

## OBITUARY.

Judge Cyrus Ball, Aged Ninety, a Well-Known Citizen of Lafayette.

LAFAYETTE, Ind., June 30.—This morning there passed away from the busy scenes of life one of the oldest residents of Lafayette, Judge Cyrus Ball, aged ninety years. Mr. Ball had been in failing health for some time from the infirmities of age, and a few weeks ago was taken down with bronchial troubles. Death came at 3 o'clock this morning.

Judge Ball was born in Lebanon, Warren county, Ohio, May 30, 1804. In 1825 he left the farm, read law a while, and came West with his cousin, Justice Harlan, now United States arbitrator on the Behring sea commission at Paris. In the spring of 1827 he went to Baltimore and bought a stock of merchandise, bringing it to Lafayette, with his brother, the two starting a general store here. In 1831 he was elected justice of the peace, serving five years. In 1835 he formed a partnership with James Hall and Peter S. Jennings in the mercantile goods business. He was married to Miss Cornelia Smith in 1833, the young wife dying within the year.

The widow who survives him was Rebecca Gordon, of Philadelphia, and became his wife in 1838. When the Blackhawk Indian trouble began Judge Ball and William Reynolds went to the front, passing through Chicago, at that time a poor little trading post. When they stopped at this post they were unable to find a place to purchase enough food for their horses. The Wabash and Erie Canal Company made him collector of tolls in 1840 and in 1841 he was appointed cashier in the State Bank of Indiana, retaining that position until the charter expired. Judge Ball was elected one of the three associate judges in this district, and was a splendid jurist, fair and of the greatest integrity. When the Lafayette artificial gas company was started he became its president and held considerable stock in the concern. With Albert S. White he was the instrumental in the construction of the railroad to Indianapolis a number of years ago. Two children were born to Mr. and Mrs. Ball, two surviving: George, of Gordon Ball and Seneca Ball. His daughter Cornelia, a beautiful girl, died just as she had blossomed into womanhood. Eugene Ball was United States Marshal for Indiana under President Hayes and died while visiting the consul-general in Vienna, Austria. Mrs. Ball, the widow, has been devoted to her husband all through his life, through every hour of his sickness. The Judge did not fear death. He regarded it as but a step in the progress of one's existence. As one of the original free soilers he obtained William Lloyd Garrison and other noted Abolitionists in his home at times when it was dangerous to do so.

## Anthony J. Drexel.

PHILADELPHIA, Pa., June 30.—Drexel & Co. received the information, in a cablegram from Carlebad, at 12:30 o'clock, this afternoon, that Anthony J. Drexel, the head of the banking house of Drexel, Morgan & Co., New York, Drexel, Harjes & Co., Paris, and Drexel & Co., this city, had died suddenly from apoplexy. Later in the day George W. Childs received a cablegram confirming the news, and stating that "on June 16 Mr. Drexel had a mild attack of pleurisy from which he had quite recovered. He would not permit his family to be advised." Mr. Drexel's body will be brought to Philadelphia for interment beside that of his wife. It is stated at the office of Drexel & Co. that the death of Mr. Anthony J. Drexel will make no change whatever in the business of Drexel & Co.

## Building Association Leverage.

CHICAGO, June 30.—The convention of building and loan associations adjourned sine die after electing officers and deciding on Buffalo as the place for the convention next year. The president and secretary were unanimously re-elected. Officers for the ensuing year are: President, Judge Seymour Dexter, New York; first vice-president, A. H. Royce, Indiana; secretary, Mrs. Mary B. Murrell, Little Rock, Ark.

## JETTIE AND HENRY F. WIN

The 2:50 Trot and 2:13 Pace the Last on the Rushville Programme.

Mary Centlivre, After Going Two Fast Heats, Loses the Third by a Short Neck—Running Races and Ball Games Yesterday.

## LAST DAY AT RUSHVILLE.

Crowd Not Up to Expectation but the Meeting a Success.

RUSHVILLE, Ind., June 30.—Intermittent showers to-day made the Rushville track rather slow for a majority of the heats of the two races that were down on the score card. The attendance was not quite up to yesterday, but it was satisfactory, and the receipts of the box office turned in to-night made the receipts considerably in excess of the disbursements, and make a fair meeting probable.

In the 2:30 trot there were six starters, with Seaside the favorite. The first heat was Seaside's. In the second heat the drivers were all looking for the best of it, and there was much scoring. Starter Walker fined Rich Wilson, the driver of Silverdale. The Jewett mare, Jettie, shot past the wire under the whip, with Seaside only a length away. The third heat was between Jettie and Seaside. They came neck and neck up the homestretch, but Seaside went off his feet and lost the heat. In the fourth heat it would have been all over, but Jettie had a lead at the start. In the decisive heat Jettie had a good lead at the quarter, which was gradually increased in the back stretch. Toward the lower turn Seaside closed up, and at the home stretch it was another gallant fight, Jettie winning under a hard use of the whip. Summary: 2:30 trot; purse, \$400 (divided): Jettie (Walker).....4 1 1 2 1 1 Seaside (Patterson).....1 2 2 1 2 1 Seaside (Benson).....3 3 4 3 3 3 Seaside (A. Walker).....5 5 4 3 3 3 Silverdale (Wilson).....2 dis. Manfredo Dick (Boehs).....2:24 3/4. Time—2:25 1/4, 2:25 3/4, 2:26 1/4, 2:27 1/4.

In the 2:13 pace there were six entries and five starters. For the first two heats Mary Centlivre was considered almost a sure winner, she being posted at 3 to 10. The first two heats she won with no real contest, but two heats measured Mary's staying qualities. At the start of the third heat she led in great form, but coming into the home stretch with several lengths in the lead, she showed signs of distress. Henry F., who had finished second in the first two heats, came on with a great stride, and won by a neck under the wire first, winner by half a neck. Mary led off gamely in the fourth, but was overhauled and passed by the entire field, and if Henry F. had been in the fifth heat the world would have been distanced. Summary: The 2:13 pace; purse, \$400 (divided): Henry F. (Gossnell).....2 1 1 1 1 1 Mary Centlivre (Walker).....1 2 2 1 2 1 Lee H. (G. Curry).....3 4 3 3 3 3 Divan (McVey).....4 3 4 3 4 3 Time—2:14 1/4, 2:13 3/4, 2:16 1/4, 2:17 3/4.

Oakwood Handicap Won by Pessara. CHICAGO, June 30.—The Oakwood handicap was the principal event in the Washington Park card, and it had a high-class field. Pessara, under Tara's urging, won after Highland, a 20-to-1 shot, had led her field all the way to the last sixteenth pole. Falero, who defeated Pessara Wednesday, finished next to last. Results: First Race—Eleven sixteenths of a mile. Pessara first, Highland second, Oakwood second, French Lady third. Time, 1:11 1/4.

Second Race—One mile. The King first, Despond second, St. Croix third. Time, 1:15 1/2.

Third Race—One and one-eighth mile; Oakwood handicap. Pessara first, Highland second, Huron third. Time, 1:56 1/4.

Fourth Race—One and one-eighth mile. Annie Brown first, Cynosure second, Pennycroft third. Time, 1:50 3/4.

Fifth Race—Three-quarters of a mile. R. H. first, Ward second, Kimberly third. Time, 1:17 1/2.

Sixth Race—One and one-sixteenth mile. Sweet Blossom first, Philora second, Puryear third. Time, 1:50 3/4.

## At Sheepshead Bay.

SHEEPSHEAD BAY, June 30.—Results of to-day's races:

First Race—Three-quarters of a mile. Yemen first, Gold Dollar second, Steve Estes third. Time, 1:13 1/4.

Second Race—Five-eighths of a mile. Intimid first, Galilee second, Peckaniff third. Time, 1:03.

Third Race—Three-quarters of a mile. St. Martin first, Cascade second, Discount third. Time, 1:14.

Were the scrofula sores on my poor little boy, stinking and disgusting. They were especially severe on his legs, back of his ears and on his head. His hair was so matted that combing was sometimes impossible. His legs were so bad that sometimes he could not sit down, and when he tried to walk his legs would crack open and the blood start. Physicians did not effect a cure. I decided to give him Hood's Sarsaparilla. ATTENDANCE AT THE FAIR

Daily Paid Admissions During the Month of June Averaged 80,000.

Total of 2,400,000 Adults and Children Bought Tickets—Apology Demanded by Foreigners—President Palmer to Resign.

Special to the Indianapolis Journal.

CHICAGO, June 30.—About 2,400,000 adults and children paid their way into the exposition grounds during the month which closed to-day, the average daily attendance being eighty thousand. The largest crowd was present June 15, when 160,000 paid admissions were recorded. On the first day of June the attendance was 89,045 that day being set down as having the smallest crowd of the month. The greatest Sunday attendance was 71,213, and the smallest fifty-six thousand, which was the poorest attendance recorded with two exceptions during the month. The total attendance for June is a great improvement over the total for May, which was 1,050,037, a difference of nearly 1,350,000 in favor of the month just closed. The present daily running expenses are, in round numbers, \$30,000. It is hoped by the management to lower them soon to about \$13,000 daily. Even as they stand the receipts from the concessions almost pay the running expenses in full. Therefore, nearly the entire receipts of the exposition from the sale of tickets can be applied to the payment of the debts of the exposition company. The paid admissions to-day were 43,876. The total attendance in the fair yesterday was 147,198, of which 110,983 were paid admissions. The total admissions for the entire month for the corresponding date were 221,385, of which 191,244 were paid.

Foreign commissioners to the world's fair sent a letter to Director-general Davis to-day that will probably put an end to the insolence of the Columbian guards. The commissioners, in language quite as forcible as diplomatic, demanded an ample apology within seven days for the arrest of Dr. Emil Hassler, the Paraguayan commissioner, who was arrested for the offense of carrying one of his own flags from a building. The foreigners don't make any threats, but unless proper amends are made for the arrest of Dr. Hassler within the time named it is likely that most of the foreign exhibits will be veiled. Coupled with the demand for an apology was a statement that the commissioners did not consider themselves proper subjects for arrest.

President Thomas W. Palmer will tender his resignation as president of the national commission to-morrow. His reason for retiring is the serious illness of his wife. His friends and world's fair officials have urged him to reconsider his determination, but with little prospect of success.

The Isabella quarters will arrive next week and will be put on sale for \$1 each for the first twenty thousand and after that it is the intention to let the demand regulate the price, which is expected will be greatly in advance of this figure. The ladies expect to realize \$40,000 from the sale of the Isabella quarters, and it will be decided at the next meeting what disposition to make of this amount.

A Deficient Exhibit. ABRAHAM S. HOWITT.

Among the deficiencies must be noted the exhibits of the iron and steel companies of the United States. This is entirely due to the failure of the industry to move itself. The Carnegie Steel Company, the United States Steel Company and the Pennsylvania Steel Company, whose establishments are probably in advance of any others in the world, did not exhibit at all. The Krupp steel exhibit from Germany, and exhibits in this line by other foreign countries, consequently surpass those of American exhibitors, with the exception of the exhibit made by the Bethlehem, Pa., works. It is a great pity that our largest companies should have shown this apathy to the industry, which is one of the principal ones of the world, we now probably lead all countries; but this is not demonstrated at Chicago.

LELAND STANFORD'S WILL. Bulk of the Senator's Estate Left to the Widow—The University's Share.

Special to the Indianapolis Journal.

SAN FRANCISCO, June 30.—The will of Senator Stanford was filed late this afternoon. It was executed on Nov. 30, 1886, but no less than four codicils were made subsequently, the last being made on Jan. 25 of this year. The will occupies twenty-five typewritten pages and comprises about five thousand words. It was very carefully drawn by Samuel Wilson, since deceased, and the codicils were drawn by his son, Russell J. Wilson. The remarkable feature of the will is that Senator Stanford, outside of the real estate and \$2,500,000 which he gives to the Stanford University, has given all the remainder of his vast estate absolutely to his wife, or, in his own words, "to be disposed of as she pleases in her lifetime or by will at her death." This leaves the university dependent wholly upon Mrs. Stanford's bounty. If she chooses she may alienate more than \$20,000,000 from the university, but as she is so deeply interested in its welfare as was her husband there is little danger of such a disaster. The will is noteworthy also for the supreme power given to the widow. The executors are merely advisers, for she has power to vote personally or to give proxies for voting on all railroad or other interests held by him. The will makes no personal bequests, other than to relatives, with the single exception of \$15,000 to Herbert C. Nash, his private secretary.

McAuliffe and Carroll Matched.

CHICAGO, June 30.—Jimmy Carroll, who has been light-weight champion of the world, has been matched to fight Jack McAuliffe by the Columbian Athletic Club. They will meet next October, the men having signed articles to fight to a non-decision fifteen-thousand-dollar purse, at 135 pounds, give or take two pounds.
